LESMURDIE
SENIOR HIGH SCHOOL

Bring **Y**our **O**wn **D**evice

2021 - 2023

Dear Parent/Carer

In 2023, Lesmurdie SHS will enter into its final stage of a 3 year "Bring Your Own Device" BYOD roll out.

This mean that all students from Year 7-12 will be required to bring a device to school.

More information on minimum requirements, recommended devices, pricing options, coverage and frequently asked questions (FAQ) is available on the school website at www.lesmurdie.wa.edu.au/byod

We ask that you read through the BYOD Roll Out Information 2021 - 2023 on the website. If you have further questions, please do not hesitate to contact Leo Surjan on 9291 1200.

We are very mindful of the impost this purchase places on parents. As a school, we have placed great importance on digital literacy and have thoroughly researched the most appropriate devices for our students and staff. We have completed a staff roll out of our recommended devices and they are undertaking on going extensive professional development and curriculum planning to ensure the BYOD Roll Out program will significantly enhance our education program. Year 7 and 10 students will require their device from Day 1, 2023.

We look forward to your support.

Yours sincerely

KChipchase
