ENRICHMENT &
ACCELERATION
PROGRAM

THRIVING IN A NURTURING ENVIRONMENT

Specialist Program

Through a balance of enhanced curriculum delivery, promoting student engagement and wellbeing, the **Lesmurdie Enrichment and Acceleration Program (LEAP)** provides an enriched and accelerated program appropriate for gifted students.

Our Mathematics and Science staff use research based best practice to provide authentic experiences and an exciting and challenging program, including Year 8 and 9 LEAP Engineering programs - whole year courses designed to apply the knowledge of maths and physics to real world problems in a STEM context.

Our LEAP program focuses on providing enrichment opportunities to further extend in-school learning, including a variety of competitions, incursions and excursions. Weekly, afterschool homework classes support our LEAP students by helping them develop time management and work life balance skills as well as providing the opportunity to consolidate and extend key concepts whilst being mentored by older LEAP students.

Who should apply?

Keen students with an interest and talent in extending their Engineering, Mathematics and Science knowledge.

How to apply

If you would like to find out about applying for our 2024 Year 7 LEAP intake, please visit our website www.lesmurdie.wa.edu.au

Applications

Open: Monday 19 February 2024

Close: Monday 12 March 2024

Application forms will be available online during this time.

For further information, please contact:
the Enrolments Officer
telephone: **9291 1200** or email:
lesmurdie.shs.enrolments@education.wa.edu.au

LEAP Scholarships

Two LEAP scholarships valued at \$250.00 are awarded each year. For details about the LEAP scholarships and information on how to apply for a scholarship for Year 7, 2024, please visit our website at www.lesmurdie.wa.edu.au

The LEAP Test

Testing is held at:
Lesmurdie Senior High School

Saturday 23 March 2024

There is a choice of two test times

9.00am - 10.30am

or

11.30am - 1.00pm

Please indicate your preferred time on the application form

The test takes approximately one and a half hours and consists of a recognised, standardised test of literacy, numeracy and non-verbal concepts.

Please meet 15 minutes prior to the testing time at E Block.
